TRAININGS AND CERTIFICATIONS

Flutter: Designing Dynamic Mobile Apps

June 2024

Indus University

Offline

- Developed cross-platform mobile apps using Flutter.
- Created a Counter app and implemented various widgets for UI development.
- Explored API integration and implemented Google Firebase for backend services.
- Gained experience with state management techniques for dynamic app functionality.

MERN Stack

December 2024

Indus University

Offline

- Developed web applications using MERN stack: MongoDB, Express.js, React.js, and Node.js.
- Utilized HTML, CSS, and JavaScript for front-end design and functionality.
- Worked on various projects throughout the course, all of which are posted to my GitHub for review.

Big Data on AWS

June 2025

Indus University

Offline

- Explored the fundamentals of Big Data and AWS infrastructure, including instance management, security policies, and data collection.
- Covered key topics such as database migration, storage life cycle optimization, encryption, and event notifications.
- Gained hands-on experience in data analysis, processing, and visualization using AWS services to effectively manage large-scale datasets.

High-Performance Leadership: Lessons from Formula 1

June 2025

Santander Open Academy

Online

- Focused on cultivating essential leadership skills for personal and professional growth.
- Covered key topics such as decisions beyond emotional influence, developing self-awareness as a foundation for effective leadership, and fostering a positive workplace

PROJECTS

Sunset Glitter Jewellery | MERN Stack, Stripe, Razorpay

Present

- Developing a dynamic full-stack web application with MERN for a jewelry business
- Integrating Stripe and Razorpay for a secure and efficient payment gateway.
- Building separate customer and admin panels with functionality for the admin to add, edit, and delete products.
- Incorporating product analytics to enable the admin to view and analyze the best-selling items.

EXTRA CURRICULARS

NCC cadet: B certificate with Alpha grade, currently pursuing the C certificate
